PROFESSIONAL SUMMARY

Computer Science and Business Systems student with hands-on experience in full-stack web development using Java, Spring Boot, JDBC, HTML, CSS, and JavaScript. Skilled in developing responsive web applications, backend integration, and database management using MySQL. Demonstrated problem-solving abilities through 1,000+ competitive programming challenges across LeetCode and CodeChef. Passionate about building practical software solutions, exploring new technologies, and continuously enhancing technical skills.

EDUCATION

KIT – Kalaignarkarunanidhi Institute of Technology, Coimbatore, Tamil Nadu 2024 – 2028 *B.Tech. Computer Science and Business Systems | CGPA: 8.57/10.0*
Coursework: Computer Networks, Operating Systems, DBMS, Programming in Java

EXPERIENCE

Full Stack Development Trainee — LearnLogicify, Coimbatore (Offline) Sept 2024

• Completed hands-on training in HTML, CSS, and JavaScript, building practical skills in front-end and full-stack web development.

• Built and deployed a personal portfolio website with a downloadable CV feature, using semantic HTML, CSS, and vanilla JavaScript.

Yelcome Technologies – Full-stack Development with Java Intern (Coimbatore) June 2026

• Gained hands-on experience in Java, HTML, CSS, JavaScript, JDBC, Servlets, Hibernate, and Spring Boot.

• Developed understanding of backend development, database connectivity, and full-stack web application concepts.

PROJECTS

E-Kart — E-Commerce Web Application | Java, HTML, CSS, JDBC, Spring Boot, Thymeleaf, MySQL Nov-2025

• Developed a full-stack e-commerce platform enabling users to browse products, manage a cart, and place orders.

• Implemented JDBC-based database connectivity for product and user data, handling core CRUD operations reliably.

• Applied Spring Boot and Thymeleaf for server-side rendering, strengthening backend logic and MVC architecture skills.

Personal Portfolio Website | HTML, CSS, JavaScript Dec 2025

• Designed and built a responsive, interactive portfolio site to showcase skills, projects, and experience.

• Implemented smooth navigation, skill animation sections, and a validated contact form integrated with social profiles.

TECHNICAL SKILLS

Languages: Java, Python
Frontend: HTML, CSS, Bootstrap, React.js
Backend: Node.js, Express.js
Database: MySQL, MongoDB, SQL
Frameworks: Maven, Antigravity, Spring Boot
Tools: Git, GitHub

COMPETITIVE PROGRAMMING

LeetCode : Max Rating – 1415 | Solved: 200+

CodeChef : Max Rating – 1353 | 1 Star | Problems: 1000+ **Codeforces** : Max Rating – 898 (max newbie)

ACHIEVEMENTS

CERTIFICATIONS & COURSES NPTEL – Programming in Java (Elite) Cisco – Python Essentials

AWS Cloud Foundations
IBM – Cloud Computing
Cisco – Data Science & Intro to Cybersecurity Cisco – Modern AI & Network Essentials Cisco – Network

.

SOFT SKILLS

- **Analytical Problem-Solving:** Strong ability to analyze challenges, debug technical issues, and develop effective solutions.
- **Team Collaboration & Communication:** Skilled in collaborating with team members, sharing ideas, and communicating technical concepts effectively.
- **Adaptability & Continuous Learning:** Quick to adapt to new technologies, learn emerging tools, and enhance technical capabilities.
